

## OBJECTIVE:

Obtain a position as a freelance or assignment photographer / graphic designer for this publication.

## EXPERIENCE:

Cambria Magazine, 2005 and 2006 cover photos for this magazine as well as various internal photos. These photos are primarily shots of the California Central Coast and include wildlife, nature, and seascapes of the surrounding area.

Cambria Rotary Club, Cover shot for the 2007 Calendar.

Cambria Rotary Club, two interior photos in 2009 Calendar.

Community Directory for Cambria, Harmony, and San Simeon, Cover photo for the 2006-2007 Edition.

Atascadero Chamber of Commerce Business Directory, Cover photo for the 2005 directory.

Atascadero Land Preservation Society (ALPS). Assignment photography and fund raising events.

Chambers of Commerce for Atascadero, Cambria, and Paso Robles request specific photos for the promotion of local business. You can see some of my work on their websites.

West Coast (K)ustoms 2007 Car Show. I shot for the Paso Robles Business Magazine.

JKG Assignment images for clients. Specific people and places with times, dates, and Captions with identifying information.

Three Rivers Hospitality. Full area shoots of hotel, models, and restaurant.  
As well as various printed publications, my work for TRH can be seen on websites such as Expedia.com, MetroTravelGuide.com, Hotels.com, TravelHero.com and MyTourPal.com. My latest work on these sites is the La Bellasera Hotel and the Enoteca Restaurant.

Courtyard Marriot Hotel, A full area shoot, plus models and props.

Exterior shots of the Carlton Hotel

Mental Marketing. Photos are assigned by other clients, but we have worked together on projects.

I have a considerable amount of experience with weddings and portraits (Private and Commercial) and license images to various publications as well.

I currently have two photography books on the market. One is on scenic photography (ISBN 1438251114) and the other is on animal photography (ISBN 1438249594) These Books are available at [www.amazon.com](http://www.amazon.com)

### EDUCATION:

I do not have a formal degree in photography, but have taken college classes and attended my local art associations. I learn primarily from other photographers, reading any available resources, and practical experience. My degree is in psychology and I have worked at Atascadero State Hospital for the past 13 years.

### SKILLS:

**Communication:** I communicate well when speaking, writing, and most importantly through photo imagery.

**Creativity:** I'm able to conceptualize ideas through a unique and creative perspective when called on to do so. I am also enthusiastic about my work.

**Visualization:** I accentuate the strengths, and diminish the weaknesses for all subject matter.

**Flexibility:** I am able to work in many environments and lighting situations and my clients have always been happy with the results of my efforts.

At this point I prefer the digital platform. My favorite cameras are currently the Canon 40D, and the Nikon D-80. My camera and software preference varies from one assignment to the next. I adapt to my environment with various lenses, filters, and other essential equipment.

I am familiar with graphic design, spreadsheet and DTP software such as PhotoShop, MS Word, MS Pub, Corel Draw, Excel, Roxio (Multi-Media Software), and others.

### AWARDS:

2007 California Mid-State Photography Contest: Second place in professional division

2008 California Mid-State Photography Contest: First and Third place in professional divisions.

ADDITIONAL INFORMATION:

*My work has been displayed in the following Galleries:*

Teresa Bells in Cambria, California

CCSD in Cambria, California

Expressions in Cambria, California

New Frontiers in San Luis Obispo, California

Atascadero Art Association Gallery, Atascadero, California

Atascadero Library, Atascadero, California

Paso Robles Library, Paso Robles, California

Atascadero Land Preservation Society, Atascadero, California (Fund raiser for Stadium Park)

Independant photographer agencies such as PhotographersDirect.com and photographers.com

I have a portfolio of approximately 300 photos online at [www.photo-scenix.com](http://www.photo-scenix.com)  
You can click on the various galleries and Service tabs to see samples.

In this portfolio you will find scenic, nature, animals, insects, automobiles, editorials, landmarks, portraits, weddings, and architectural. There's also a section of B&W photos. My actual portfolio is considerably larger than what you will see on the website. The online images are just compressed samples and do not reflect the sharpness, vibrancy, or quality of the actual photos. There's also a graphic art section. These samples represent a very small portion of my portfolio and experience.
